

Crystal Pass Workshop with Sam Moore *Espace Solâme, Lausanne – Saturday 20 April 2024*

As a shamanic tool, crystals help in achieving neutrality, healing duality and amplifying energy. One of the ways of using them is through what is known as a 'Crystal Pass.' In this class we will be exploring four crystal passes that are used for self-healing.

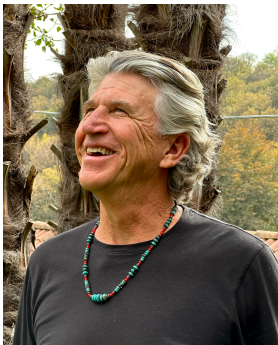

A crystal pass involves holding crystals in each of your hands and then moving them in specific patterns in rhythm with your breath. Each pass has its own intention that is held and amplified by the crystals. You can imagine the crystals as being like magic wands or energetic paint brushes, adjusting and repairing your inner and outer world.

I invite you to join me in an exploration of this ancient way of working with crystals.

These passes are especially helpful for healers looking to maintain their own well-being while being in service to others. They are also beneficial for the person looking for a way of working on themselves energetically. They are a quick and effective way of clearing unwanted energies out of your personal space and making adjustments to your energetic body.

Sam Moore has been a Shamanic teacher and healer since the mid-90s. He is a former professional tennis player and has also worked as a tennis coach and Pilates instructor. His spiritual foundation is based on the teachings of a shamanic lineage that is said to be ten thousand years old. He is the author of the book "Feathers of Fire" (soon to be re-released as an e-book) and creator of the online course "The 2LEGGED2HUMAN Experience." Both of these will soon be available at 2legged2human.com.

Sam has an affinity for crystals and learned many of the old ways of working with them. This class is an introduction into the world of crystal passes that can become a means for connecting with your unique energetic signature. Sam invites you to join him in an exploration of this ancient way of working with crystals.
